

**OASIS® Postharvest 300 – Clear**  
**Cut Flower Food**

vase solution

OASIS® Postharvest 300 is specially formulated to hydrate and nourish flowers for the maximum enjoyment of the customer

For Florists & End Consumers

**Effect**

- contains acidifiers to adjust the pH of the water
- provides important natural nutrients for a longer bloom life
- keeps the stems 'plumbing' free flowing
- crystal clear in all water types and, therefore, the ideal choice for clear vases
- available in powder and liquid concentrate
- liquid can be used with all popular dispensing systems
- also useful for floral arrangements

**Directions for use**

- remove foliage below solution level in the container
- recut flower stems with a sharp knife
- make sure that stems and containers are clean
- place stems into a clean vase with the OASIS® Postharvest 300 solution

**Dosage**

- *Powder:* 10 g (1 spoon) per litre water
